Note from the President:

Happy Holiday's FSTC...

It is bitter sweet that I write this noteduring my last monthas President of Fontainebleau Swim and Tennis. I have enjoyed the last two years, but I have toadmit that it was also very challenging.

Ithink back on all theprojects thatthis membership committed time and resources to make sure we have a club we canall be very proud of. It has taken a lot of sweat equity, but the hard work has definitely paid off.

Whenever there were tasks to be completed,this membershipstepped up to get the job done. Some of those projects were:

- Pool re-surfacing
- New diving board
- New playground (with more to come)
- Tennis viewing deck in progress
- Half way to raising funds for Tennis court re-surfacing
- New front entrance sign
- Painting and decorating the inside of the clubhouse
- FSTC website

I wish the new board Good Luck. Hope you all have a wonderful Holiday Season.

Rudy

Shopping: Your purse could be stolen out of your shopping cart! Don't leave it unattended!

Homes: Leaving for the holidays. Put a hold on your mail, it's easy to do www.usps.com, have neighbors pick up newspapers and use automatic timers for lights.

Thanks for the Opportunity to Serve

It's been 3 years of ups and downs. I am grateful for the opportunity to have served FSTC as Tennis Director. I've worked with some great people who care very much for our Club. We've added many players to our tennis rosters and that has created some problems with more players than courts at some times. I appreciate the good spirit you had during our trying times. There are just too many fine FSTC folks to list who helped maintain our courts during these years. Without that help I'm not sure the courts would have lasted as long as they have.

I look forward to new courts in the 2008/2009 time frame.

Let's all continue to strive to make FSTC a great place for tennis!

Tim Yelton Tennis Director 2005 – 2007
